

E-Clip/PR Clip Inserter – FP-156

The E-Clipper installs all Pandrol E-Clips, PR Clips, and vandal resistant E-clips on both timber and concrete sleepers. The clipper comes complete with a power pack, rail trolley with tool tray and a set of clipping jaws. The E-Clipper is also available as a Trackpack work head. Honda Petrol or Yanmar Diesel engine versions with a night light option available with electric start machines.

Trackpack Head - **FP-156-EDS**

Dedicated unit –**FP-156-EPSE**

Features

- Machine weight counter-balanced for minimum operator effort
- Jaw stops hold the sleeper straight while clipping and prevent over driving of clips
- Dual Trigger Operation for safety
- Hardened chrome guide rods for maximum strength and life
- Relief valve set to minimise circuit heat between clips
- Patented hydraulic oil cooler also minimises circuit heat
- Exhaust Gas Scrubbers optional
- All trolley gauges available with brakes including dual gauge trolleys
- Easy glide trolley wheels
- Trackpack head available for use with Trackpack system (see Trackpacks catalogue page for **more information**)
