

LED
Lighting System

Environmentally, Economically Smart
800W LED Technology

- LED 800W is equivalent to 1000W Metal Halide Lamp
- No Restrike Time, Instant start / restart
- 3-Stage Dimming Control (800w/600w/400w)

ALL-IN-ONE Case
Compact and Able to Pile Up

ELB080BH |

Compact Size
Easy to Carry Around

ELB080BW |

800W LED Technology

LED Features

Immediate Strike

Provide fullest brightness without waiting

Shock Resistant

Durable compared to normal bulb

Safe

LED holds less heat, convenient operation process

Long Life Hours

Up to 40,000 hours of operating life per bulb

Application

Maintenance

Investigation

Construction Site

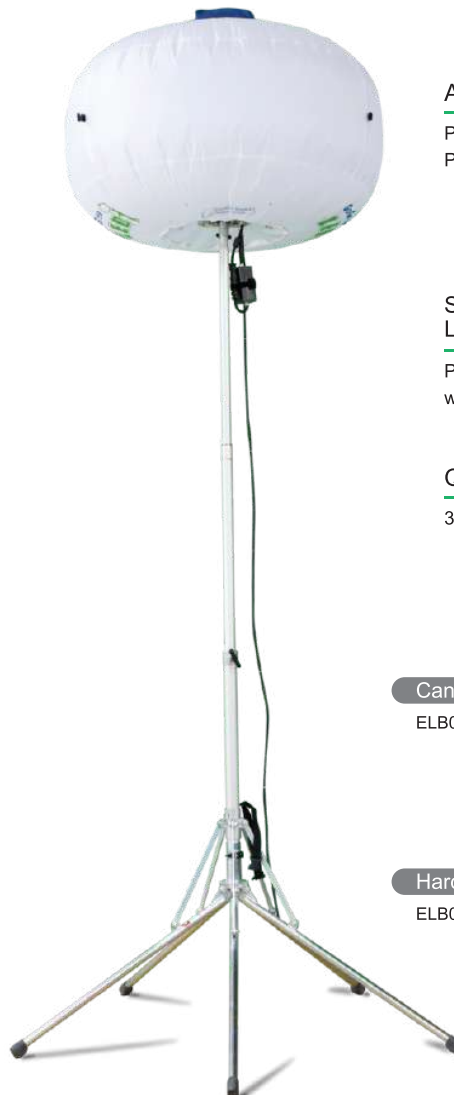

Brightness

Option

Message Strip

Message Strips fit on both sides of the balloon.

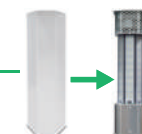

Air-Assisted Mast

Prevents sudden descent
Protects the lamps

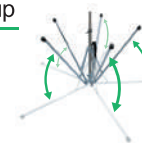

Shock Resistant LED Assembly

Protects the lamps and
water proof

Quick and Easy Setup

3 min. setup/stored

Canvas Carry Case

ELB080BW

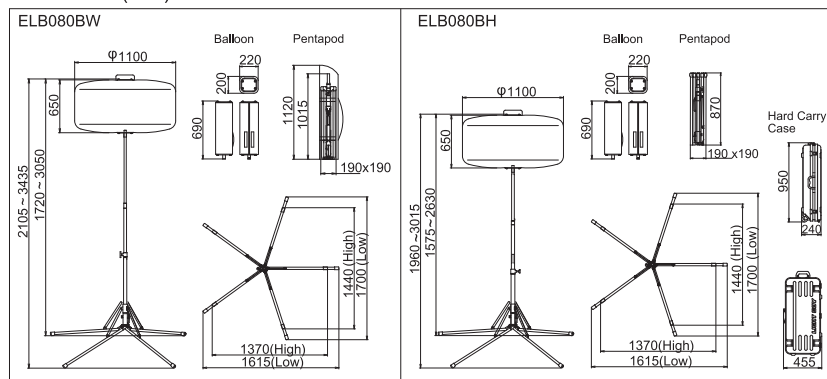

Hard Carry Case

ELB080BH

Dimensions(mm)

Specification

Model	ELB080BW	ELB080BH
Voltage (V)	AC 90~240	
Frequency (Hz)	50/60	
Current (A)	3.6(AC230V,800W)	
Type	LED	
Dimming Control	3 Stage Dimming :800W/600W/400W	
Total Luminous Flux (lm)	110000(800W)/90000(600W)/67000(400W)	
Temperature (°C)	-10 ~ 40	
Mast	Telescopic System (with Air-Assisted)	
Mast Operating	Hand Operated	
1st Level (L×W×H) (mm)	1615×1700×1720~3050	1615×1700×1575~2630
2nd Level (L×W×H) (mm)	1370×1440×2105~3435	1370×1440×1960~3015
Storage (L×W×H) (mm)	200×220×690	
Balloon	190×190×1015	
Pentapod	190×190×870	
Carry Case	220×220×1120	
Weight	240×455×950	
Balloon (kg)	11.2	
Pentapod (kg)	10.7	10.5
Carry Case (kg)	0.7	8.9
Total Weight (kg)	22.6	30.6
Appropriate Generator	850W and above
